## What does retirement look like to you?

No matter how you define retirement—whether it's enjoying a new dream home, taking trips around the world or spending day after day on the golf course—it is much more than just about money. But having the money to retire is the first step. Have you found a way to get there?

Indexlinc Annuity is one option that gives you the benefits of growth potential, downside market risk protection, and tax-deferred earnings as you maintain a diversified portfolio.

### Reach further with growth potential to help enhance returns.

With the Indexlinc Annuity, your interest rate is linked to positive changes in the S&P 500® which may help you keep better pace with inflation.<sup>1</sup> Your annual earning potential may increase for annuities with higher premium amounts.

### Protect more with locked-in earnings and access to your money.

With the Indexlinc Annuity, once interest is credited to your contract value, it's locked in no matter how the S&P 500 performs in the contract years that follow.

You're also protected if the market experiences downward fluctuations. Even if the S&P 500 has several down years in a row, you're guaranteed the value of your annuity will reach at least 110% of your purchase payment after your initial seven-year term, assuming no withdrawals are taken.<sup>2</sup>

Indexlinc Annuity provides you access to your money plus the flexibility to meet your needs. You can withdraw all or part of your contract value—without withdrawal charges—during a 45-day window at the beginning of each seven-year term (after the first term). And you can withdraw up to 10% of your contract value each year after the first, without incurring a withdrawal charge.<sup>3</sup>

### Chart your way with Indexlinc Annuity.

Indexlinc Annuity and its simple Annual Reset Crediting Strategy makes it easier for you to chart your way. The careful planning you do today may help you achieve the retirement of your dreams.

**Annuity type**

Single-premium deferred annuity

**Issue ages**

0-90 Owner  
0-75 Annuitant

**Contract term**

Seven years

**Minimum premium**

\$10,000 in qualified or nonqualified funds

**Index interest<sup>2,4</sup>**

*Interest credited*

Interest is credited annually on the contract anniversary. Earnings are locked in on each contract anniversary, and a new S&P 500<sup>®</sup> starting point is established.

*S&P 500<sup>®</sup> participation rate*

The index participation rate multiplied by the percentage increase in the S&P 500, subject to a cap and floor, equals the credited interest rate.

*Cap*

The maximum interest rate credited in any one contract year. The cap may change on each contract anniversary.

*Floor*

The minimum interest rate credited in any one contract year. Guaranteed not to be less than 0%.

**Bailout provision<sup>3</sup>**

If the cap is reduced by two percentage points or more during the withdrawal charge period from the cap rate for the first year of each seven-year term, you can surrender the contract without withdrawal charges.

**Free withdrawals<sup>3</sup>**

You may withdraw up to 10% of your contract value each year after the first, without being subject to a withdrawal charge.

Withdrawals in excess of the free withdrawal amount are subject to the following charges:

Age	Withdrawal charges
through age 75	8.0%
76	7.2%
77	6.4%
78	5.6%
79	4.8%
80	4.0%
81	3.2%
82	2.4%
83	1.6%
84	0.8%
85+	0.0%

There is a 45-day window at the beginning of each seven-year term, during which all or part of the contract value may be withdrawn without a charge, excluding the first term.

**Minimum guaranteed value<sup>2</sup>**

The amount paid on full surrender, death or annuitization will not be less than 90% of the purchase payment, less prior withdrawals and withdrawal charges, compounded at 3%.

**Income options<sup>2,5</sup>**

On the payout start date, you may choose from lifetime income, joint and survivor lifetime income or payments for a fixed number of years.

**Death benefit<sup>2</sup>**

The death benefit will be equal to the greater of accumulated value less any applicable premium tax and the contract value. For the purposes of determining any final index increases, the date of death is considered the last anniversary.

**Waivers and riders<sup>2,6</sup>**

*Return of Premium Rider<sup>3,7</sup>*

This optional rider may be selected at contract issue, and may not be canceled. This rider guarantees that you will receive your purchase payment upon full surrender, less previous withdrawals. If you elect this rider, the cap will be reduced during the first term.

*Emergency waivers<sup>3,7</sup>*

Withdrawal charges may be waived if you are unable to perform two or more of the defined activities of daily living, confined to a long-term care facility or hospital for at least 90 consecutive days, diagnosed with a terminal illness, or become unemployed.

<sup>1</sup> You cannot invest directly into the S&P 500. S&P 500 does not reflect dividends paid on the stocks underlying the S&P 500.

<sup>2</sup> All guarantees are based on the claims-paying ability of Lincoln Benefit Life Company.

<sup>3</sup> Distributions taken prior to annuitization are generally considered to come from the gain in the contract first. If the contract is tax-qualified, generally all withdrawals are treated as distributions of gain. Withdrawals of gain are taxed as ordinary income and, if taken prior to age 59½, may be subject to an additional 10% federal tax penalty.

<sup>4</sup> Contact your financial representative for current cap and participation rates.

<sup>5</sup> A portion of each payment will be considered taxable, and the remaining portion will be a non-taxable return of your investment in the contract, which is also called the "basis." Once the investment in the contract is depleted, all remaining payments will be fully taxable. If the contract is tax-qualified, generally all payments will be fully taxable. Payments taken prior to age 59½ may be subject to an additional 10% federal tax penalty.

<sup>6</sup> Limitations apply. See your contract for specific details.

<sup>7</sup> May be subject to state availability. See endorsement for specific details, terms and conditions.

# There is Strength in Our Numbers®
