

SBLI'S ACCELERATED UNDERWRITING **PROCESS**

Simpler. Speedier. Smarter.

SBLI's AU IN ACTION

For people age 18-60 in all risk classes seeking \$500,000 or less of term or whole life insurance, **SBLI's Accelerated Underwriting (AU)** process guarantees:

- **No** hassles
- **No** medical exam
- **No** exclusions
- **No** fine print. Period.

Simpler

- + Use ZipApp®, SBLI Brokerage's drop ticket program, and minimize your paperwork and involvement in the administrative process.
- + There are two options -- drop ticket or paper. Either way, Part 2 is completed by telephone with an approved SBLI fulfillment center.

Speedier

- + Rest assured that no applications will be redirected to the traditional underwriting process. All applications require a telephone interview instead of a medical exam.
- + Expedite the decision making time for clients — and get your commission payments faster.

Smarter

- + You will quickly benefit from the intelligence and convenience of SBLI's AU process.
- + This will increase clients' satisfaction and satisfied clients are loyal clients, likely to provide qualified referrals for you.
