

# Online Enrollment Tool Demo

**Back by popular demand we've extended our Online Enrollment tool training for internal Anthem teams and external group administrators.**

Online enrollments in **EmployerAccess** has been our preferred method for submitting new business enrollment, maintenance, and eligibility information. If you haven't already, we encourage you to check out the Online Census Enrollment tool (OCE), where group administrators or brokers handle enrollment from start to finish, using an electronic spreadsheet that is uploaded back into **EmployerAccess**.

In our training sessions you will learn more about the new Online Enrollment tool and all of the maintenance features available in **EmployerAccess**; like transition changes, updates to demographics, name changes, and terminations. We encourage you to participate in one of these sessions over the next couple months.

## **2021 Monthly Demo - Anthem's Employer Access Portal**
