

Preparing for your Accelerated Underwriting call

SBLI is pleased to offer our accelerated underwriting applicants the most convenient way to complete their SBLI life insurance applications—a 20-30 minute phone call with an experienced customer service professional.

E-delivery

During the call, you'll be asked if you're interested in e-delivery. If available through your agency, you may have the option to have important documents, including your policy, sent to you electronically upon approval of your application.
